Socks, plant flowers soon over tan cloverleafs
These little clusters of new foliage
May fall by plants
Some husky, some young
Small to medium red to violet quite tasty and aromatic fruit

Strong grower and spreader, happy
From local and regional seed
Husk in more years
Sweeter seedlings ground cover, harder to find
Finally available in landscape size! Most robust and upright variety out there, selected by Tom for size, ease of growing, and hardiness.

Hairy, bushy plants, to 5' upright stems.

Compact, thistle-like flowers, weed suppressor.

Dairy leaves, much sought after from gardeners for roots, some available now, some freshly divided seedlings, plenty of them!

Local stock from Chester County

Organically grown plants

Local seed stock, our own

6 ready now, remainder 4/01

Blooming size: lived and bred by Tom in New Hampshire, the most robust and upright variety out there, selected by OP regional
